Re: Chapter 96A 2017 First Quarter Report

Dear Mayor Lee,

In accordance with San Francisco's Administrative Code Chapter 96A, passed by the Board of Supervisors in October of 2015, I am submitting the Sheriff's Department's first quarter report of 2017, for the period of January 1, 2017 - March 31, 2017.

Administrative Code Chapter 96A defines the Sheriff Department's use of force as "use of force on an individual that results in a known injury." This quarter, the Sheriff's Department is including incidents that involved the use of pepper spray during the course of a deputy's duties, as a known injury. California Penal Code §834 defines an arrest as the "taking of a person into custody, in a case and manner authorized by law." Arrests reported this quarter include individuals who were transported to, and booked into County Jail #1 by Sheriff's Deputies. This quarter the Sheriff's Department is reporting 34 uses of force and 153 arrests.

The Sheriff's Department is composed of four divisions: Administration and Programs, Capital Planning and Special Projects, Custody Operations and Field Operations. Each division has many worksites that require staffing 24 hours-a-day, seven days-a-week. The deputies working at the sites we secure are dedicated to ensuring safety for everyone conducting business there.

Attached is the Sheriff Department's 2017 first quarter report summarizing our arrests and uses of force across all three divisions.

If you have any questions, please do not hesitate to contact my Chief of Staff, Eileen Hirst, at 415-554-7225.

Sincerely,

Vicki L. Hennessy
Sheriff
